

## Securely Access Your Desktop, Applications & Data From All Your Devices...

**Cloud Workspace® for GoldMine Cloud** is our WaaS (Workspace as a Service) solution that acts identically to the desktop you use today. **The difference?** Your workspace stays in the cloud. Securely access it from any connected device to work with your GoldMine and other files and applications... from the road, at home or when meeting with a client.

### Quick & Easy Access from Anywhere

- Access your desktop, files and applications from all your devices. Our responsive solution connects you very quickly and securely to your workspace
- Consistent user experience across your PC, laptop, tablet and smartphone

### Simplifies IT Management

- Includes all OS, desktop and application support and updates
- Includes all IT infrastructure, storage and data backup
- Supports *Bring Your Own Device*
- Allows for easy management of your IT network — end users, servers and applications — via our Control Manager, our single-pane-of-glass provisioning tool

### Enhances Data Security & Business Continuity

- Your applications, files and desktops reside in our secure cloud environment: CloudJumper data centers are SSAE-16 Type II, TIA 942 Class 4, PCI DSS, HIPAA and Sarbanes-Oxley certified
- Supports company disaster recovery plans by keeping all data secure and readily available

### The Cloud Workspace Solution

**Your Desktop in the Cloud** | It's your desktop in the cloud, accessible from all your devices and secure from threats. Once in your workspace, you are connected to all of your files and applications, including Goldmine.

Add JumpDrive to securely and easily share files with colleagues and clients. It gives you access to your files, even offline.

**Line of Business Application Hosting**  
We host 2500+ titles, from household names to specialized solutions built by our customers. We keep them backed up and supported.

**Microsoft Office 365** | As a Microsoft Shared Computer Activation Partner, we support Microsoft Office 365 in the Cloud Workspace environment.

#### Pricing
